DETAILED ACTION

This Office Action is in response to the amendment and arguments filed 11/08/2005. Applicants arguments regarding the rejection of claims 1-7,15,17,18,21, are not persuasive.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-7,15,17,18,21 are rejected under 35 U.S.C. 102(b) as being anticipated by USP 5,955,352 (Inoue et al.).

The patent discloses an instrument for chemical and microbiological tests which comprises a solid substrate (1), a liquid impermeable cover (4) and a liquid absorbent body (2), see figures 8-10. Elements (1 and 4) constitute a container having one concave part, the liquid absorbent body (2) is considered to read on the claimed “at least one member” and is disclosed as being selected from “sponge-like porous substance” (col. 7, lines 28-46) or water-absorbing gels (col.7, lines 57-60). Reagents or anti-bacterial agents can be previously held in the sample holding portions (3) and a bacterial-containing culture medium can be added to the hollow region of the instrument (col.6, lines 51-67).

The disclosure further discloses a method of forming the instrument shown in figures which reads on claims 15,17, and 18 (col. 9, lines 20-39).

Allowable Subject Matter

Claims 8-10,12-14,16,22,23 are allowable.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David A. Redding whose telephone number is 571-272-1276. The examiner can normally be reached on Mon.-Fri. 6:00 - 3:00.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
